Practice report

An unnumbered cover followed by three body pages.

Use this document to try page numbers, watermarks and page images.

Leave this cover unnumbered and start the body at Page 1 of 3.

Try a DRAFT watermark on body pages only.

The final page contains one original 1200 x 800 pixel illustration.

All text and artwork were created for these public examples.

Checklist

The first body page.

Keep the source document before making changes.

Choose the pages and settings you need.

Open the result and check every affected page.

Check that a footer or watermark does not cover useful content.

Download the copy you intend to share.

Schedule

The second body page.

Morning: prepare the practice document.

Afternoon: review the changed pages.

Before sharing: confirm the file order and visible content.

These are invented activities, not a real appointment.

Diagram

The third body page; one embedded 1200 x 800 pixel image.

Rendering this page makes an image of the whole A4 sheet.

Embedded images extracts the illustration at its stored pixel size.
